

Colour the ribbons blue and white, red and black, or why not write on them.

You could write your name, your favourite players, the team from the final or your favourite City song. Anything you want to show what the cup meant to you.

* Warning! Should your child want to colour the famous red & black scarf, to avoid distress or confusion, be sure to do the black stripes first.

Colour two versions, cut them out and stick them back to back.

Place a ribbon between them at the top and hang it proudly for everyone to see.
